

Haldimand Station 9 Fire Bike

Dunnville V.F.F. Assoc.

In 2005 all Fire Departments in Haldimand County were issued a challenge to create an entry into the "Haldimand Motors Cayuga Great Tricycle Race" based on a theme of Orange County Choppers or Monster Garage.

We were donated a 1979 Suzuki PE250 by one of our members (Bill Gordon) and decided to use this as a base for our entry.

The bike's features are as follows:

- * A modified Scott Air Bottle as a fuel tank**
- * Cast Maltese Cross fuel filler cap**
- * Pike pole shifter**
- * Functional flashing light and siren from a 1957 Fargo fire truck**
- * Fire Axe foot pegs**
- * Fender and handle bars fabricated in our fire hall using the jaws of life to help bend and form them**
- * All fabrication and labour were done voluntarily at the fire hall**

Total build cost \$364.87(taxes included)

Donation Made By:

**Gino's Auto Collision, T.A.K. Welding, Mirror Imaging
Titan Cycle, Ultimate Cycle**
